Lesson Book Guide Grades K-3 (V1)

Overview

There are 3 main lesson topics which are laid out for the school year; Fall (Relational Development), Winter (Digital Solutions) and Spring (Health & Wellness). Each lesson has 13 accompanying activities.

We suggest incorporating these activities into your designated **MASK Day** (i.e. “MASK Monday” or “MASK Mid-week”) schedule, but you are welcome to incorporate them whenever you have time in your day. Remember, these activities are not meant to add to your plate, but instead to replace other similar learning activities. Each activity was designed to meet Teaching Standards to ensure that you can embed them into your current teaching plan. Teaching Standards and ESSA (Every Student Succeed Act) alignments are provided for your reference at the end of this guide.

Masen's Story (Page 2)

- ➔ This story can be found in your students' Lesson Book on page 2. The story is meant to be a reference for you and your students. We encourage you to refer back to this story page at the beginning of each activity to help engage your students and review the lesson.

Masen loves to skateboard. He is part of a skateboarding team and has many friends at the skatepark. Masen's brother Trevor is in a wheelchair because he was born with a spinal cord condition that affects his ability to move his legs. Masen and his friends from the skateboarding team always include Trevor when they play video games and talk about skateboarding. Masen and Trevor love to design new skate tricks together. They get inspiration for tricks from his fish Elmer when he does his flips! One day, Masen was bothered by a group of kids from his school for hanging out with Trevor. At first, Masen just walked away from the kids that were bothering him. He tried to ignore them, but one of the kids would not leave him alone. Masen didn't know what to do because it kept happening **over and over** again. Masen knew he was being bullied. The kid even stole Masen's skateboard and started following Masen home. Eventually, Masen was able to talk to his teammates at the skatepark about what was happening to him. Masen's friends wanted to show the kid that Masen was not alone. Masen's friends helped him **stand up, speak up** to the kid who was acting like a bully. They all made the decision to be **positive social forces**. They were **Upstanders**!
